* Federal staff also get Friday, December 31, 2027 off, the observed day for New Year's Day 2028 (January 1, 2028 is a Saturday). Counting it, 2027 has 249 work days and 1,992 hours.

Weekdays are Monday to Friday. Work days are weekdays minus federal holidays. A holiday on a Saturday is observed the Friday before, and one on a Sunday the Monday after. Dates are the observed dates from the U.S. Office of Personnel Management (opm.gov), checked November 14, 2026.

Private employers are not required to give federal holidays off. Your hours = (work days minus your days off) x your hours a day.
